*It has been required the patronage of:
ICHHS SITILO*

Programme: 34th ANNUAL CONFERENCE OF THE INTERNATIONAL CLINICAL HYPERTHERMIA SOCIETY (ICHS)

Thursday 22nd September 2016

Session 1

Topic: Biological basics, experimental and technical studies of hyperthermia

Chairman: **S. Roussakow, G. Fiorentini**

- 8.30 Technique of Whole-Body Hyperthermia and Fibromyalgia Syndrome
A. Von Ardenne
- 8.50 Local hyperthermia in combination with traditional chinese medicine **C. Pang**
- 9.10 Place and role of clinical hyperthermia in the system of thermotherapy in oncology: let's define what we are doing
Sergey Roussakow

Session 2

Topic: Clinical evidences of increasing survival adopting hyperthermia alone or in combination with anti-cancer methods

Chairman: **C. Pang, M. Hussein**

- 9.30 Hyperthermia combined with conventional and complementary anticancer treatment
J. Brenner
- 9.50 Hyperthermia in every day clinical practice: which experiences and evidence
M. Hussein
- 10.10 Hyperthermia as new antigens inductor before anti PD-1 therapy: from theory to clinical practice
G. Ranieri
- 10.30 Pharmacoeconomic study of oncothermia in the treatment of lung cancer
S. Roussakow
- 10.50 Quo vadis oncological Hyperthermia: Update 2016 **A. Szasz**

11.10-11.30 coffee break

Session 3

Topic: Results and perspective of hyperthermia associated with radiotherapy and chemotherapy

Chairman: **S. Dall'Oglio, F. Bunkeila**

- 11.30 Hyperthermia combined with radiation in cervical cancer **C. Minnaar-Strauss**
- 11.50 World-wide status of Hyperthermia
S. Maluta
- 12.10 Combination of hyperthermia and radiotherapy in pancreatic cancer
P. Gabriele
- 12.30 Prostate cancer: integration of radiotherapy and hyperthermia
S. Dall'Oglio

12.50-1.30 pm LUNCH and POSTER SESSION

Session 4

Topic: workshop section

Chairman: **P. Gabriele, S. Maluta**

- 1.30-2.15 p.m. **Workshop** Local Hyperthermia
O. Szasz
- 2.15 -3.00 p.m. **Workshop** Whole Body Hyperthermia **M. Hussein**

Session 5

Topic: Extreme Hyperthermia in lung and liver lesions

Chairman: **J. Brenner, M. De Simone**

- 3.00 p.m. Extreme hyperthermia in lung lesions
C. Gadaleta

- 3.20 p. m. Microwave ablation of large HCC by multiple synchronous antennae: technique, results and long term follow-up

L. Tarantino

Session 6

Topic: Peritoneal surface malignancies treated with Cytoreductive Surgery (CRS) and hyperthermic intraperitoneal chemotherapy (HIPEC) –PART I

Chairman: **M. Deraco**

- 3.40 p.m. HIPEC: state of the art
S. Kusamura
- 4.00 p.m. Ovarian Cancer I **M. De Simone**
- 4.20 p.m. Ovarian cancer II **P. Sammartino**
- 4.40 p.m. Use of C-Parp inhibitors in ovarian cancer **F. Graziano**

Session 7

Topic: Peritoneal surface malignancies treated with Cytoreductive Surgery (CRS) and hyperthermic intraperitoneal chemotherapy (HIPEC) -PART II

Chairman: **C. Zingaretti, G. De Manzoni**

- 5.00 p.m. Peritoneal Mesothelioma **M. Deraco**
- 5.20 p.m. Gastric Cancer I **F. Roviello**
- 5.40 p.m. Gastric Cancer II **G. De Manzoni**
- 6.00 p.m. New drugs in gastric cancer: Ramucirumab **V. Catalano**
- 6.20 p.m. Colorectal cancer **D. Baratti**

Final statements, conclusions

C. Pang, G. Fiorentini, A. Szasz

MODULO D'ISCRIZIONE

Si prega di compilare in stampatello e in chiare lettere

Inviare ad Intercontact entro e non oltre il **10 Settembre 2016** via fax al numero 0721.1633004 oppure per e-mail a f.gallinari@intercontact.it
